The aggregate amount of all such bonds or other evidences of indebtedness shall not exceed at the time of the delivery of the bonds currently authorized ten per centum of the assessed valuation of the taxable property within the City as shown by the last assessment for City purposes provided, however, that in determining the amount of such indebtedness there shall not be included within the computation outstanding bonds or other evidences of indebtedness for the acquisition, extension or improvement of water or other municipal waterworks system of the City of Pueblo or any portion thereof. Each issue of bonds authorized shall mature serially in annual installments commencing not later than three years from the date thereof and extending over a period of not exceeding the estimated period of the usefulness of the property or improvements for which issued as stated in the authorizing ordinance, but may be subject to redemption prior to maturity at such time or times and on such terms as the City Council may determine in said Ordinance.

Noting contained in this section shall be construed as a limitation on the power of the City Council to issue the general obligation bonds of the City for the acquisition, extension or improvement of water or the municipal waterworks system to mature at such time or times and to contain such provisions for their payment at or prior to maturity as the City Council may provide in the Ordinance authorizing their issuance, or a limitation on the power of the City to borrow money and evidence the same by note payable from the proceeds of bonds authorized to be issued hereunder and maturing over a period not exceeding two years from their date, nor on the power of the City Council to issue the bonds of the City payable from or secure to the City from sources other than general property taxes, nor to issue bonds as provided in Section 7-24 to Section 7-27, both inclusive, of this Charter.

Section 7-25. **Special or Local Improvement District Bonds - Issuance** - The City of Pueblo shall have power to construct or install special or local improvements of every character within designated districts in said City, which improvements shall confer special benefits on the real property within said districts and general benefits to the City at large. The City Council shall by ordinance prescribe the method and manner of making such improvements, of letting contracts therefor, assessing the cost thereof, and issuing and paying bonds for costs and expenses of constructing or installing said improvements, provided that nothing herein shall be construed to limit the power of the City Council to act in accordance with the Constitution and Statutes of Colorado in carrying out such purposes.

Section 7-26. **Special or Local Improvement District Bonds - Special Surplus and Deficiency Fund\*** - Where all outstanding bonds of an issue for one or more special or local improvement districts have been paid and any monies remain to the credit thereof, they shall be transferred to a special surplus and deficiency fund, and whenever there is a deficiency in any special or local improvement district fund to meet the payment of outstanding bonds and interest due thereon, the deficiency shall be paid out of said surplus and deficiency fund. Whenever there are paid and canceled three fourths ( $\frac{3}{4}$ ) of the bonds of an issue, and for any reason the remaining assessments are not paid in time to take up the remaining bonds of such issue and interest due thereon, and there is not sufficient money in the special surplus and deficiency fund, then the City shall pay the bonds when due and interest thereon and reimburse itself by collecting the unpaid assessments due for such district or districts. Nothing in this Charter shall be construed to limit the power of the City Council to issue and sell an issue of bonds for more than one district, nor to limit the City Council's power to issue and sell, without regard to the limitations of Section 7-23, general obligation temporary notes payable within not exceeding two years after issue, or special assessment interim notes, or both, for the payment of contracts and related expenses for one or more improvement districts pending the issuance and sale by the City Council of special or local improvement district bonds.

The proceeds of such taxes shall be placed in a special fund and shall be disbursed only for the purposes specified herein, provided however, that in lieu of such tax to mature at such time or times and to contain such pro-levies, the City Council may annually transfer to such special fund any available money of the City, but in no event shall the amount transferred in any one year exceed the amount which would result from a tax levied in such year as herein limited. As long as any bonds issued for special or local improvement districts hereafter organized remain outstanding, the tax levy or equivalent transfer of money to the special fund created for the payment of said bonds shall not be diminished in any succeeding year until all of said bonds and the interest thereon shall be paid in full, unless other available funds are on hand therefor, or such bonds and interest are paid by the City as required in Section 7-26 of this Part III.

In order to be so qualified, the person must have served as a neutral hearing officer or arbitrator in labor/management disputes for at least three (3) years and have conducted at least five (5) hearings per year in each of two (2) of the last three (3) years. These hearings shall be either hearings to resolve an impasse in collective bargaining negotiations between labor and management, disputes over the meaning or application of collective bargaining contracts between labor and management or discipline under a collective bargaining agreement. Any person whose only experience is as a hearing officer in any civil or career service system shall not be qualified. (3) No later than the first negotiation session for a bargaining unit covered by this Section the City Council shall create a permanent panel of at least three (3) arbitrators from those qualified persons who apply. (5) Within three (3) days of the expiration of the 30-day time period referred to in Section 8-14(r), the City Clerk shall submit a list with the names of all members of the permanent panel to the sole and exclusive bargaining agent and the City. If one (1) name remains that person becomes the arbitrator for that dispute. If two (2) names remain, the President of the City Council shall select one (1) of these two (2) names to be the arbitrator for that dispute. The President of the City Council's selection must take place within three (3) working days of the completion of the striking process by the sole and exclusive bargaining agent and the City. (2) The arbitrator's decision shall be subject to court review only pursuant to the terms of this Section. Any party desiring court review must file suit in district court no later than thirty (30) days after the date of the arbitrator's decision. Failure to file suit within this time frame shall waive the right to appeal the decision. The district court shall affirm the award unless it determines:

(a) The award was procured by corruption, fraud or other undue means;

(b) The decision on any issue is arbitrary and capricious, to wit, there is no competent evidence in the record to support the decision; or

(c) The decision on any issue was reached without considering the factors listed in Section 8-14(i) hereof.

If the court determines that the arbitrator's decision on any issue was reached without considering the factors listed in Section 8-14(i) hereof, the court shall remand that issue to the arbitrator with instructions to conduct a new hearing on that issue if either the sole and exclusive bargaining agent or the City so desires and, with or without a new hearing, to issue a decision which considers the factors listed in Section 8-14(i) hereof as the arbitrator deems proper.

(4) If the arbitration decision is appealed and the appeal is unresolved by the expiration of the existing contract, the terms and conditions of employment for the bargaining unit affected by the appeal shall be:

(a) All terms and conditions agreed upon by the parties prior to the appeal, and

(b) For those terms and conditions in dispute in the appeal, the provisions of existing contract.

At the conclusion of the appeal process, including any remands to the arbitrator, the terms of the contract so established shall be retroactive to the effective date of that contract.
